

Thinking about a 22-23 Subscription Package?

What package is right for me?

We have four great packages to choose from:

- **Broadway:** Choose five Broadway performances.
- **Performing Arts:** Choose at least five Performing Arts performances.
- **Try5:** Select at least five Broadway & Performing Arts performances.
- **Trio:** Choose at least three Broadway and Performing Arts performances.

What are the costs?

Subscription costs vary depending on the package, zone, and events you choose. A single ticket Broadway Series package ranges anywhere from \$175–\$455.

Performing Arts and Try5 packages are highly customizable, so pricing is difficult to estimate. It depends on which events, the number of tickets, and the price zone you select.

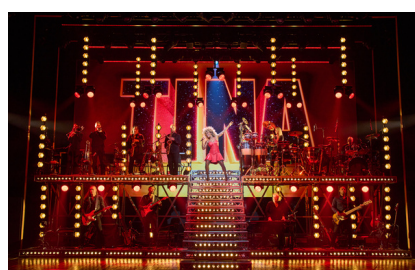

What about seating?

Ticket Office staff will seat your order first-come, first-served based on your priority level for Broadway and Performing Art packages. Try5 packages will be seated within your priority after all Broadway and Performing Arts orders. Trio orders will be seated after new subscribers.

How will I get my tickets?

Delivery options for the 2022–2023 Season include mobile delivery, mail, and Will Call. They can be selected during the checkout process.

When will I get my tickets?

Tickets selected for mobile or mail will be sent after all subscription orders have been seated and finalized. Will Call tickets can be picked up by the account holder with a valid photo ID once mobile and mail orders have been sent.

How else can I support the arts?

Once your application is completed, you will have an opportunity to make a contribution to our Circle Membership or Arts Within Reach.
